

ARCHITECTURE IN EUROPE: THE RENAISSANCE

The *Kappe Library Guides* identify general resources on broad topics to help researchers begin their work. Individual projects and practitioners are avoided; guides, indexes and general introductions are preferred to specialized works.

Book citations that include a call number can be found at the Kappe Library; other books are identified by author, title and date. Magazine articles are selected from the *Avery Index*, Art Full Text and JStor databases.

Where full-text articles are available on-line, the article title is [hyperlinked](#) to the full text.

Web versions of this and all other Guides are available at http://www.sciarc.edu/portal/about/resources/library_documents.html
